# Different Surveys, Equal Solutions.

## WHAT WE DO

- ALTA Title Surveys
- Boundary Surveys
- Easement Determinations & Staking
- Expert Witness Testimony
- GIS Mapping
- Topographic Surveys

## WHO WE ARE

**Barron • Stark Engineering** was formed in 2009 for the specific purpose of providing quality and cost-effective surveying and engineering services to public and private clients across the State of Texas.

Since its inception, **Barron • Stark** has successfully completed hundred of ALTA projects throughout the Dallas–Fort Worth Metroplex, as well as other major cities including Houston, Midland–Odessa, Waco, Austin, Wichita Falls, Tyler and Corpus Christi.

Our engineers and surveyors are a vital part of any project, from initial planning through schematic design to final project delivery. Our goal is to not only deliver a functional product addressing immediate needs, but to maximize both the present and future use of land and resources available.

**Barron • Stark** prides itself on establishing true and long-lasting partnerships with our clients by providing them with the most comprehensive and efficient service possible.

# The Perfect Fit for Title Companies .

WHAT WE DO

With over 50 years of combined experience in the land surveying field, the **Barron • Stark** survey team understands how important timely and accurate survey data is to a project's schedule and budget. Our highly qualified surveyors utilize the state of the art equipment and technologies to provide a full range of surveying services to our public and private sector clients.

The **Barron • Stark** team completes high quality and timely title surveys and believes in providing a hassle-free experience to our clients. We diligently research and identify a site's problems and conflicts so your clients and interests are protected and your closings are seamless and on time.
